Subject: letter of recommendation

Dear Sir/Madam,

A couple of days ago Timo told me about the opportunity he possibly has to join the Honours program. The way he spoke to me about the program is just like the way I know Timo, full of enthusiasm. When he asked me if I would like to help him, there was not a hesitation for me at all.

So hereby I send you, with great belief, this letter of recommendation in behalf of Timo.

I personally met Timo a few years ago, when he joined Koninklijke Vezet as a production employee. In this period he showed us his drive and ambition for success and through this he managed to succeed as a operator not much later. The way he puts his passion into something is just the way we know Timo the best, so it was only a matter of time for him to reach the position of operator.

When Timo works at the production line he shows himself as a natural born leader full of confidence, persuasion and communication skills. These are true character traits he developed within the years I have seen him.

Timo is known as a real team player with a serious approach and great leadership potential by his colleagues and executives, further I would also like to indicate that he is a pleasant person to work with. Both sides of his personality he knows how to alternate well.

As a personal note I would like to end this letter with the commentary that you can be sure Timo will be a phenomenal asset to the program in my opinion. The program could also be a great way for him to strengthen his development to a higher level.

I wish you all the best to make a positive consideration for your program.

Yours sincerely,
